

Dear Ide Nne/Ide Nna,

The news of the deteriorating health condition of Mr. Kenneth Okolo who recently had brain cancer and subsequent surgery at Grady Hospital is shocking and saddening. Mr. Okolo's doctors indicated that he will not recover well enough to carry out his daily functions without assistance.

In light of this situation, the Idemili Community in Atlanta is soliciting donation to help purchase Kenneth's flight ticket to Nigeria. Mr. Okolo is a native of Abatete in Idemili, Anambra State, Nigeria. His family would greatly appreciate our help in sending him home alive.

Your kind help during this difficult time will be long remembered. If you desire to make a contribution, please call Mrs. Stella and Dr. Emeka Okpala at 678-817-1715. On behalf of the Idemili Community in Atlanta, I sincerely thank you in advance for your generous donation.

May God bless you.

***Dr. Frank Osita Onukwuli, President IUA
